

ACP Presents: Protecting our National Security - Careers at SPA

On February 2nd, Systems Planning and Analysis, Inc., and ACP hosted a virtual information session on LinkedIn Live. The conversation was led by [Dana Miranda](#), Recruiting Coordinator at SPA, and [John Quigley](#), Chief Operating Officer at SPA, [Meredith Farley](#), Program Manager at SPA, and [Pamela Lincoln](#), Intelligence Programs Group Leader at SPA. They touched on career opportunities in the fields of program management, cybersecurity, research, data science, and Systems Engineering and Technical Assistance (SETA) support. The resources shared during the webinar are the following:

John

SPA has a program called Career Tracks which allows employees to pick their career progression. There are 3 types of career tracks: Management Track, Project Leaders, and Independent Work. You can move around different departments to expand your portfolio.

Meredith

SPA allows the accessibility to connect with senior managers and many people across different departments. I was able to reach out to people in the company and shadow them aside from my training. This helped a lot with my professional growth at SPA.
